EXPERIENCES YOU WILL TREASURE AT LENGTH

A vintage camera in a brown leather case is the central focus, resting on a dark surface. To its right is a pair of sunglasses with dark lenses and a brown frame. In the background, a light-colored straw hat with a dark band is visible, along with a textured, greyish fabric. The overall scene is set against a dark, moody background, suggesting a travel or travel-related theme.

Suggestions for an unforgettable *journey*

We represent unique, extraordinary independent and privately-owned boutique hotels, villas and yachts in Italy. To promote the hotels we represent we take pride in creating travel suggestions and itineraries, where our local knowledge meets the needs and interests of travel advisors and clients. Make this your very own tale of discovery along this unique peninsula, whether your primary concern is art, architecture, archaeology or even fine dining and shopping.

Our goal is to introduce travel advisors to new products and act as a primary resource for information and assistance ensuring they receive all the support they need in real time. Having a “**sample itinerary**” connecting the properties gives something more solid and potentially concrete to promote, rather than a mere collection of hotels.

Extraordinary hotels, whose credo is painstaking attention to details, excellence throughout, and whose experience is one you will treasure at length. Light varying a thousand times in a day, sensational dawns and sunsets, ever-changing hues, the lull of the waves by the shore, a star-studded sky, savouring an outstanding meal: you will simply ask for more.

PROSCIUTTO DI SAN DANIELE

Poetry in a glass

the Collio district

It is a well-known fact that some of the best wines in the world are produced on the peninsula, with regional variations adding spark and character to that ever-pleasing Italian allure. Among its vast cultural and historical heritage, eclectic, proud, captivating Friuli-Venezia-Giulia boasts the **Collio** area: strewn with gentle vineyards and blessed with a special climate and soil, known as *Ponca* or *Flysch*, this district sits on the border with Slovenia and fosters the production of outstanding (primarily) **white wines**, among the best in the country. Awarded the DOC label as early as 1968, *Collio Bianco* was the first of a series of superb varieties, such as *Pinot Grigio*, *Pinot Bianco*, *Ribolla Gialla* or *Friulano*, with connoisseurs captivated by their fresh, mineral rich, aromatic and balanced taste.

The renowned dessert wine *Picolit* is also a local product of excellence: produced in very small quantities, making it rare and exclusive, this wine is elegant and harmonious, exuding all the features that reveal its unique nature.

Wines from the Collio area are best defined as “poetry in a glass”, for they convey the harmony of the bucolic landscape they are produced in: evocative, hill-top **San Floriano al Collio** is a charming village that sits on the *Strada del Vino e delle Ciliegie* (the wine and cherry route), with vine clad roads connecting lovely churches, fortresses and serene hamlets.

Habsburg-style **Cormons** is the main municipality and is dominated by the Quarin Mount, where the first local settlements were established, back in Roman times. The wetland **Preval** area features small lakes and meadows where you will find deer roaming free and ducks: ideal for relaxing strolls and hikes, its calmness is echoed by the lovely **Plessiva wood**, replete with oak trees and popular with walkers.

Linking **Capriva del Friuli** with Sermons, the *Sentiero delle Vigne Alte* offers hiking, mountain biking and horse-riding opportunities among gentle vineyards that open onto superb views, reflecting the perfect balance between man and nature in a region that stuns and amazes with its natural, historical and cultural gems.
